Portuguese

14. General Objectives

To raise students awareness of the importance of knowledge of the City and the Territory .

To frame the importance of the subject in the context of Architecture .

15. Specific Objectives

Characterise and think about Public Space. Characterize and think the City.

Frame the dynamics of development of the city of Lisbon and its metropolitan area.

16. Skills to be acquired

It is intended that the student knows:

- Understand the organization of the City, its morphology and urbanization processes;
- Identify urban typologies and models;
- Characterize the Public Space;
- Strategies, dynamics and urban flows in the Metropolitan Area of Lisbon for the implementation of a sustainable city.

17. Teaching Methodology

The teaching-learning strategies will be diversified, responding to the specificities of both the students and the course contents. Will be privileged multimedia sessions, in conference, debate and individual/group work mode.
