4th

7. Type of Curricular Unit / Semester

2nd Semester

UNIVERSIDADE LUSÍADA
LISBOA

8. Class type and workload (work time)

Theoretical classes:	30,00
Practical classes:	
Theoretical-Practical Classes	
Tutorial Guidance:	20,00

9. ECTS Credits

6,00

10. Scientific Area Coordinator

11. Regent

Prof. Doutora CARLA SOFIA FRANCO LUÍS

12. Assistants

13. Teaching Language

Portuguese

14. General Objectives

The main objectives are to provide students with knowledge and critical analysis tools on elections. This will enable students to identify elections as key components of democracies, their international standards and main elements. To study the concept of electoral integrity and essential characteristics. The Portuguese electoral system. The electoral cycle approach and its components. Electoral assistance, with a special focus on electoral observation, is the final element.

15. Specific Objectives

The specific objectives are to provide students with tools of knowledge and analysis of electoral processes. This knowledge is universal in nature, based on international standards. The application to Portugal, through the study of elections and the Portuguese electoral system, is a central element. The implementation at the international level, through electoral assistance and electoral observation in particular, is another essential tool.

16. Skills to be acquired

To be familiar with the concept of elections and various components of the electoral cycle. To be familiar with the concept of electoral integrity and its key elements. To be familiar with the central aspects of elections in Portugal and the Portuguese electoral system for the various elections. To know the different types of electoral systems and main characteristics. Knowledge on the concept of electoral assistance and various modalities, with a special focus on electoral observation missions

UNIVERSIDADE LUSÍADA
LISBOA

17. Teaching Methodology

A combination of teaching methods, namely the passive method and participatory methodologies. Classes are theoretical and practical. Students are asked to present their work in the class, also as a form of assessment. Reports from international agencies are analyzed, promoting debate around the topics. Participation in classes will contribute to the final evaluation.

18. Course Unit Program

UNIVERSIDADE LUSÍADA
LISBOA

I. Elections: key elements and electoral integrity.

1 Introduction: what is an election? What is its purpose?

2 The electoral cycle approach e: introduction.
