12. Assistants

13. Teaching Language

Portuguese

14. General Objectives

To provide master's students with the acquisition of the necessary knowledge to identify, formulate and solve the theoretical and practical problems raised in relation to the topics under study.

15. Specific Objectives

Understanding of the importance, nature and legal framework of banking and e-commerce contracts.

Development of research skills, information collection, critical analysis and problem solving and theoretical and practical exposition, in appropriate legal language, on the topics versed.

16. Skills to be acquired

It is intended that the master's students are able to master the theoretical analysis and the resolution of practical problems of a legal nature, related to the regimes studied.

17. Teaching Methodology

Theoretical exposition of the general lines of the matter, supported by appropriate didactic texts; analysis of legislation and jurisprudence and discussion of practical issues with active and dialoguing intervention of the students.
