1st Semester

UNIVERSIDADE LUSÍADA
LISBOA

8. Class type and workload (work time)

Practical classes:	0,00
Theoretical-Practical Classes	15,00
Tutorial Guidance:	20,00

9. ECTS Credits

7,50

10. Scientific Area Coordinator

11. Regent

Prof. Doutor CÉSAR NUNO GRIMA MADUREIRA

12. Assistants

13. Teaching Language

Portuguese

14. General Objectives

"Economic and Organizational Sociology" aims to provide students with an evolutionary perspective of organizational design and management throughout the 20th century and the beginning of the 21st century, highlighting the main work organization models currently used by the corporations (both industrial and in the tertiary sector).

15. Specific Objectives

- Introduce organizational theories in detail
- Explain the evolution of work organization models and their economic framework
- Interpret the dynamics of organizations and their structural configurations
- Understand the causes and expected consequences of the teleworking boom

16. Skills to be acquired

- Knowledge of organizational theories
- Knowledge of the structures and dynamics of organizations
- Understanding the evolution of organizational models, within a framework of economic and technological changes in work paradigms.
- Understanding the causes and consequences of teleworking

17. Teaching Methodology

UNIVERSIDADE LUSÍADA
LISBOA

Expository method using debate and student intervention.

As it is a discipline in the area of social sciences with no direct connection with quantitative methods, the practical route will be based on monitoring the subject taught, but above all on carrying out a weekly group work accompanied by the teacher during the tutorial orientation classes.

18. Course Unit Program

UNIVERSIDADE LUSÍADA
LISBOA

1 - Historical review on the evolution of organizational theories until the end of the 20th century
