Portuguese

14. General Objectives

To enable master students with the necessary knowledge to understand the matters related, within the European Union, to the Area of Freedom, Security and Justice and its framework in external action policies in general, in particular judicial and police cooperation, namely investigation and prosecution, cooperation in the civil field, immigration and asylum, as well as the defense of the Union's financial interests and including the institutional dimension.

15. Specific Objectives

To develop knowledge and problematizing capacity on judicial and police cooperation implies the minimum necessary familiarization with the fundamental notions of European integration, including the process of creation of the Area of Freedom, Security and Justice. On the basis of this knowledge, the Master's degree will focus on specific subjects in the field of justice, with an emphasis on judicial cooperation, in civil and criminal matters, relevant bodies and agencies, including policies and c

16. Skills to be acquired

Understanding of the basic principles of European integration, including the relevant legal construction, as a basis for knowledge of the process of establishing the Area of Freedom, Security and Justice. Knowledge on European cooperation in the field of justice, civil and criminal, including matters such as freedom of movement, Schengen, Charter of Fundamental Rights, search and arrest warrant, as well as on the functioning of the relevant bodies such as the European Public Prosecutor, OLAF, Eu
