Portuguese

14. General Objectives

It is intended that students understand and frame Labor Law as an integral part of Law, its regulating role in labor relations and its social consequences, without losing sight of the need to oppose and consider the divergent interests between the parties.

15. Specific Objectives

- know the individual employment contract and distinguish it from other types of work;
- know the instruments of collective regulation, their role and the relationship they establish not only with each other but also with the Law and the individual employment contract
- understand the rights, duties and guarantees of the worker;
- understand the activity, mobility and remuneration
- learn about the role and particularities of the trial period
- to know and distinguish the different work rea

16. Skills to be acquired

UNIVERSIDADE LUSÍADA
LISBOA

- recognize the importance of Labor Law;
- identify the means and legal bodies of labor relations;
- implement legislation on industrial relations;
- resolve work situations;
- drawing up and negotiating an employment contract;
- resolve situations of termination of the employment contract;
- Know the different causes of termination, their regime and legal conditions
- search and select relevant information;
- apply acquired knowledge and concepts

17. Teaching Methodology

Study and discussion of labor law issues, analysis of doctrinal and legal texts, resolution of practical hypotheses

Possibility of Studying and discussing labor law issues, analysis of doctrinal and legal texts, resolution of practical hypotheses and carrying out tests or assignments through distance learning (online) in cases of force majeure, namely, political issues, catastrophes natural disasters or pandemics that occur and such is deliberated by the State
