UNIVERSIDADE LUSÍADA
LISBOA

8. Class type and workload (work time)

Theoretical classes:

Practical classes:

Theoretical-Practical Classes 30,00

Tutorial Guidance: 20,00

9. ECTS Credits

6,00

10. Scientific Area Coordinator

11. Regent

Prof. Doutor JOÃO MIGUEL PINHEIRO LOPES DA SILVA FERREIRA

12. Assistants

13. Teaching Language

Portuguese

14. General Objectives

To provide students with a sound understanding of compensation and benefits systems, including their management and budgeting, enabling them to appreciate their strategic role in human resource management and organisational performance, as well as their legal and social framework within the Portuguese context.

15. Specific Objectives

At the end of the course unit, the student should be able to:

- . Understand the concepts of compensation, remuneration and total rewards;
- . Distinguish between fixed and variable remuneration and employee benefits;
- . Analyse and compare different compensation systems;
- . Apply basic principles for designing remuneration structures;
- . Understand HR planning and budgeting in the management of compensation and benefits;
- . Interpret Portuguese employment legislation relating to compensation.

16. Skills to be acquired

Upon successful completion of this course unit, students will be able to:

- . Analyse compensation and benefits systems in their organisational, legal, and market contexts;
- . Design and implement compensation policies aligned with organisational strategy;
- . Assess the effectiveness of compensation and benefits systems using appropriate performance indicators;
- . Propose evidence-based improvements, integrating ethical principles and social responsibility.

LISBOA

17. Teaching Methodology

Teaching is based on a theoretical/practical methodology, combining the presentation of theoretical content with the analysis of practical cases, the resolution of applied exercises, individual and group assignments, as well as tutorial guidance to support coursework and clarify doubts.

18. Course Unit Program

1. Fundamental concepts of compensation and benefits
2. Evolution of remuneration systems
3. Organisational strategy and compensation policies
4. Job analysis and evaluation
5. Pay structures and compensation benchmarking
6. Fixed and variable remuneration
7. Bonuses, incentives and profit sharing
8. Employee benefits: types and trends
9. Legal framework of compensation in Portugal
10. Impact of compensation on motivation, performance and retention

19. Assessment Methods

The applicable Regulations governing the Assessment of Knowledge and Competences in force shall apply. Continuous assessment shall necessarily include oral contributions distributed throughout the teaching period and a final written test, both weighted at 3, and may also include individual or group assignments, weighted at 2, as well as other assessment components, in accordance with the terms and weightings established by the applicable regulations and the respective Continuous Assessment Plan.

20. Didactic Resources

- . E-learning platform
- . Digital presentation materials
- . Case studies
- . Scientific articles and labour legislation
- . Software to support compensation analysis (where applicable)

21. Sustainability Objectives

The course unit contributes to the Sustainable Development Goals (SDGs), namely SDG 8 - Decent Work and Economic Growth, by promoting fair, equitable and socially responsible compensation practices.

22. Keywords

Compensation; Benefits; Remuneration; Rewards; Human Resource Management
