14. General Objectives

1. Understanding the analysis of the philosophical origin of human rights.
2. Study of the nature of human rights.
2. Know the international system of human rights protection and its relevance (in particular, between national courts and supranational courts).
3. Understanding the importance of the European Court of Human Rights

15. Specific Objectives

1. Study of the dogmatic framework underlying human rights.
2. The importance of historical-legal heritage in the formation of human rights.
3. Analysis of international human rights law.
4. Detailed study of the TEDH.

16. Skills to be acquired

Ability to discuss human rights issues, both from the perspective of historical and philosophical evolution and the main current issues.

17. Teaching Methodology

Classes will be taught in a seminar format, with the teacher presenting the subject and students presenting small topics from the program orally, in order to encourage discussion of the topics covered in class.

The assessment will be carried out in accordance with the Faculty's assessment regulations in force.
