Portuguese

14. General Objectives

Familiarization with models and perspectives of organizational behavior, followed by illustration through examples. Discussion and experimentation on objects and theoretical problems and research strategies in OB. Development of analytical and discussion skills. Work Presentation. Development of experiences in team work and research in databases and bibliographies.

15. Specific Objectives

Discussion of the concepts of Organizational Behavior. Special emphasis will be given to group and organizational behaviors. Object and methods of Organizational Behavior.

16. Skills to be acquired

- Interpret complex relationships between motivation, performance, culture, and leadership
- Value and integration of individual differences (cultural, gender, generational, etc.)
- Develop equitable practices and inclusive organizational environments
- Apply models to improve workplace motivation and well-being
- Develop skills to lead teams and process changes
- Diagnose organizational cultures and their impacts on behaviors

17. Teaching Methodology

The teaching will have an eminently practical characteristic and will be amply illustrated through reference cases. The tutorial sessions will be used to support small works of an academic nature and in the development of cases.
