3rd

7. Type of Curricular Unit / Semester

2nd Semester

UNIVERSIDADE LUSÍADA
LISBOA

8. Class type and workload (work time)

Theoretical classes:

Practical classes:

Theoretical-Practical Classes 30,00

Tutorial Guidance: 20,00

9. ECTS Credits

6,00

10. Scientific Area Coordinator

11. Regent

Prof. Doutora TATIANA BALTAZAR FAZENDA

12. Assistants

13. Teaching Language

Portuguese

14. General Objectives

1. Understand the concept of sports space, in an integrated way and its importance in the community and for the practice of sport.
2. Develop the capacity to intervene in the management of spaces and the activities that take place there.
3. Define and understand the different types of sports facilities.
4. Understand in an integrated and consistent way the planning phases of sports facilities.
5. Understand and apply the main analysis and intervention tools.

15. Specific Objectives

1. Develop an integrated vision of the sports space and its importance in the community and for sports.
2. Understand the process of planning and managing sports facilities from an integrated and consistent perspective.
3. Combine the main analysis and intervention tools, processes and techniques necessary for the management and maintenance of sports facilities.
4. Get to know sports facilities and improve their management skills.

16. Skills to be acquired

UNIVERSIDADE LUSÍADA
LISBOA

1. Understand the context of the Curricular Unit (UC).
2. Master the fundamental concepts transmitted and used in the UC.
3. Apply to solving problems related to the content covered.
4. Deepen the knowledge acquired and relate it to other areas in the field of Sport.
5. Implement knowledge of organization, regulation and management of sports facilities.

17. Teaching Methodology

The curricular unit will be taught in theoretical-practical classes (TP) and tutorials (OT). Expository and active methods will be used in TP classes. Emphasis will be placed on the practical component through the reading and discussion of practical cases and articles from scientific journals. The OT component will be allocated to an accompanied and guided learning methodology, both in the transmission of knowledge and in environments for exploring the sports market and its organizations.

18. Course Unit Program
