14. General Objectives

This curricular unit has as its general objective the development of the student's abilities in the construction of a high-level artistic performance.

15. Specific Objectives

Interpret, improvise, compose, and arrange using various idioms within the area of jazz and modern music, developing the necessary mechanisms for musical practice in ensemble.

16. Skills to be acquired

Interpretation of arrangements prepared taking into account the idealized instrumentation for the final recital. Mastery, in terms of artistic interpretation, stage leadership, organization of rehearsals and planning of the show and the repertoire. Elaboration of arrangements, and creation of original compositions.

17. Teaching Methodology

Group music practice, arranging, transcription of repertoire, composition of original music, listening to reference music examples.

18. Course Unit Program

Planning of repertoire and arrangements by using the music writing program "Finale" or "Sibelius" using different techniques learned during the course of the degree.

19. Assessment Methods

1. Follow up on the material taught throughout the semester and complete weekly assignments.
2. Assiduity.
3. Performance in the execution of two individual works of composition and/or arrangement.

20. Didactic Resources

Reference recordings, repertoire compilations.

21. Sustainability Objectives

Increased use of digital platforms such as Teams to provide didactic materials to students and clarify doubts through videoconferences, thus limiting travel and the use of paper copies. Attendance control of teachers and students by means of digital equipment, thus contributing to a reduction in the use of paper. Use of specific software for musical notation with reduced use of paper support, and implementation of energy and resource reduction in the University's facilities.
