12. Assistants

13. Teaching Language

Portuguese

14. General Objectives

Develop an analytical and critical reflection on the contexts of professional practice of Social Work in contemporary organizations

15. Specific Objectives

- Build a conceptual perspective on organizations and social projects combined with an empirical view of professional insertion;
- Identify elements and processes related to the global methodology of intervention in articulation with organizational contexts;
- Develop a critical and entrepreneurial perspective of Social Work in organizations and provide students with tools for this purpose.

16. Skills to be acquired

- Knowing concepts and typologies specific to organizational contexts in social intervention;
- Knowing how to identify and place functions associated with professional practice from different profiles;
- Knowing how to identify professional skills through reflective analysis of the methodological and ethical-political challenges facing the profession;
-Know how to value human relationships and teamwork in the face of constraints and professional dilemmas;
-Recognize professional practice sp
