13. Teaching Language

Portuguese

14. General Objectives

To provide master's students with the necessary knowledge to understand matters related to the Area of Freedom, Security and Justice within the European Union and its framework in external action policies in general, in particular judicial and jurisdictional cooperation, namely investigation and prosecution, cooperation in the civil field, immigration and asylum, as well as the defence of the Union's financial interests, including the institutional dimension.

15. Specific Objectives

Developing knowledge and the ability to problematise on cooperation in judicial and police matters implies the minimum necessary familiarisation with the basics of European integration, including the process of gestation and creation of the Area of Freedom, Security and Justice. On the basis of this knowledge, the master's degree will focus on specific subjects in the field of justice, inits interaction with freedom of circulation, with an emphasis on judicial cooperation, in the civil and crimi

16. Skills to be acquired

Understanding of the basic principles of European integration, including the relevant legal construction, as a basis for knowledge of the process of creating the Area of Freedom, Security and Justice. Knowledge of cooperation in the field of European cooperation in justice, civil and criminal matters, including issues such as freedom of movement, Schengen, migration and asylum, the Charter of Fundamental Rights, search and arrest warrants, as well as the functioning of the relevant bodies, such
